For the golden morning sun
Birds that sing aloud their song
For the day we call today
God we thank You

For the ones we live beside
And the place that we reside
For the ministry we have
God we thank You

Gratitude fills our hearts – Lord we say thank You
For everything You've done for Your children
Gratitude stirs our song – Lord we say thank You
For giving Your Son for our salvation

For the mercies that You give
And Your grace where we are weak
For the blessings we've received
God we thank You
